

Email by EasilyDo Named Best Productivity App in the 2016 Silicon Valley Business App Awards

Mountain View, CA — December 22, 2016 – Today, [Email](#) by EasilyDo has been recognized as the Best Productivity Mobile App in the 2016 [Silicon Valley Business App Awards \(SVBA\)](#) sponsored by Regalix, Inc. Hailed as one of the most prestigious app & device awards program in the Silicon Valley, the SVBA Awards recognize and reward best achievements in the world of Mobile Apps and Wearable Technology.

The SVBA panel of judges, comprising experts with significant contributions to the advancement of technology, selected the winners from submissions received from around the globe. Awards were given for Best Productivity App, Best Management & Finance App, Best Utility App and Best Wearable Technology.

Email by EasilyDo is your one-stop shop to manage all of your email accounts, organize your inbox and even unsubscribe from junk mail. Seamless design and lightning fast speed let you take control of your mailbox.

“My heartiest congratulations to the winners as well as finalists. I am amazed at the innovative qualities purported by all of our participants this year. This only shows how fast our tech space is evolving,” said Nimish Vohra, Sr. VP Marketing at Regalix. “As we continue to recognize creative brilliance and hard work with this event, we look forward to expecting more surprises and innovations in the field.”

“We are proud that Email is being honored with such a positive response from the industry experts in the Silicon Valley Business Award panel of judges,” said Mikael Berner, CEO at EasilyDo. “Our developers have worked tirelessly to make Email the best mail app available for consumers to save time and worry less about their mailbox.”

About the Silicon Valley Business App Awards (SVBA)

The Silicon Valley Business App (SVBA) Awards are designed to showcase and reward the greatest achievements and innovations across Mobile App and Wearable Technology categories. Aimed at putting the spotlight on the best innovations, the awards will be bestowed on individual or collective efforts, selected by an eminent Jury comprising leaders, innovators and entrepreneurs from the Silicon Valley.
